| 13 | Bus Stop, Jasper Morrison, 2006 | 25 | Oudolf Garden, Piet Oudolf, 2020 |

Design Workshops

Poster Design with Screen Printing

Every day, we come face-to-face with posters, vying for our attention with their bold colours and shapes. In this workshop, participants will use an existing catalogue of shapes and motifs to develop a concept for their own personal poster, unique and captivating in its look and message. We will draw inspiration from the work of different poster and graphic designs.

Duration: 3-4 hours

Price: € 240,00

Group size: max. 20 people, aged 12 and above

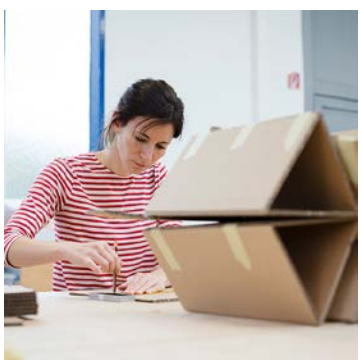

ReDesign – Light and Lamps

Light is all around us, fascinating artists since the dawn of time. Designers such as the Brazilian duo Fernando and Humberto Campana create impressive light sculptures and lamps by creatively transforming everyday objects and recycled materials. After considering the phenomenon of light, participants will use various recycled materials - such as plastic bottles, scraps of fabric and leather, electronic parts, strips of wood, and packaging - to design and create their very own light objects.

Duration: 4 hours

Price: € 320,00

Group size: max. 20 people, aged 12 years and above

PappDesign – Cardboard Furniture

The architect Frank Gehry created sculptural seating pieces that showcase the benefits of corrugated cardboard: it is inexpensive, light, yet also stable, and easy to work with. It's also a winner on the environmental front. Workshop participants will get to grips with the material and study its properties in depth, before designing and constructing their own seats, shelves, or tables.

Duration: 4 hours

Price: € 320,00

Group size: max. 20 people, aged 12 years and above

Advertising, Logos & Design

Logos are everywhere you look: they aim to represent companies, products, or organisations and to reflect their values and identity. How are logos made and what would your own personal logo look like? In the workshop, participants will design their own distinctive logos and transfer them onto an item of clothing they bring along. Participants will go home with new pieces of clothing featuring their own design and expressing their own individual identity.

Duration: 4 hours

Price: € 320,00

Group size: max. 20 people, aged 12 years and above

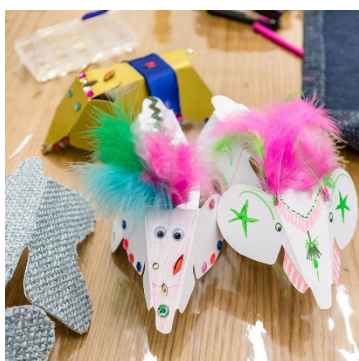

My Favourite Chair

Chairs are part and parcel of our daily life; they have both a practical and an aesthetic function. We'll take a look at lots of different types of seats in the Vitra Schaudapot, comparing their shapes, materials, and colours. Some of the chairs are over one hundred years old, and some were 3-D printed! Which chairs do we like, and which not so much? After the tour, participants can roll up their sleeves and make their own miniature chairs to take home.

Duration: 3 hours

Price: € 240,00

Group size: max. 20 people, 6-12 years old

Elephants on Parade

With their jaw-dropping size and proverbial good nature, it's little surprise that elephants are so popular. Even the designers Charles and Ray Eames were spellbound by the majestic, thick-skinned creatures, and created a toy elephant from moulded plywood. During the workshop, we will build our own cardboard elephants, which can be decorated with all manner of materials, including feathers, sequins, tape, and felt.

Duration: 2 hours

Price: € 160,00

Group size: max. 20 people, 5-8 years old

Guided Tours for Children at the Vitra Schaudapot

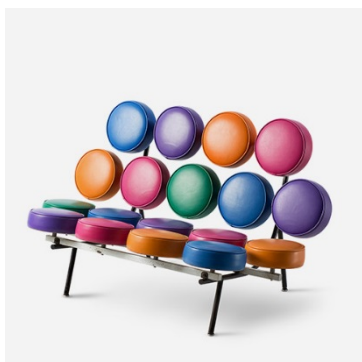

Material Detectives

Wherever we go, we're always surrounded by chairs. They're useful and make sitting down more comfortable. Sometimes, they're even particularly pretty or funny to look at. We discover different types of seats in the Vitra Schaudapot, taking a closer look at their shapes, materials, and colours. After the tour, we try our hand at furniture design in the workshop and build our own small chair to take home.

Duration: 3 hours

Price: € 240

Group size: max. 20 people, 6-12 years old

Wow! Boom! Pop! – Spectacular Seating

Time and again, designers have consciously turned away from established norms and created spectacular, experimental and fun-spirited pieces of seating furniture. In this tour, we will explore these special chairs and then make our own pop-up cards.

Duration: 2-3 hours

Price: € 240

Group size: max. 20 people, 6-12 years old
